NOTIFICATION

The undersigned is to inform all the concerns that the launching of “Online Student Portal” on 25th September, 2023 vide our Notification No. L/PR/157/2023 date 31.08.2023 for applying duplicate registration, duplicate admit, duplicate mark sheet, duplicate certificate, migration, transcript etc. of H.S. Examinations and for correction of registration, admit, mark sheet & certificate of such examination, has been postponed from 25th September, 2023 to 11th October, 2023 due to some unavoidable circumstances.

Please note that in our offline form, there was a provision that the institute had to forward the application to Council. In online mode, the student can apply directly through the portal to Council bypassing the forwarding step through Institution (for almost every case). However, the information will be available to respective Institutions through the students report section in the school portal for their record.

All the concerns are requested to co-operate.
