Tender Notice No:- 11/E-Tender/2026-27

Date:- 07/08/2026

NOTICE INVITING TENDER

The West Bengal Council of Higher Secondary Education (WBCHSE) invites online e-tenders through the West Bengal e-Tendering portal from reliable, experienced, and bonafide agencies/vendors for the supply, installation, and configuration of Antivirus Software (Quick Heal Seqrite Endpoint Security - Admin Console) for the Vidyasagar Bhavan (H.O.) and four Regional Offices.

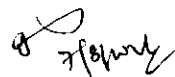

I. Scope of Work & Requirement

SI No.	Item Description	Quantity (Users)	Destination
1.	Quick Heal Seqrite Endpoint Security (Admin Console) for 3 years	150 approx	West Bengal Council of Higher Secondary Education (Head Office & 4 Regional Offices)

II. Technical Specification with end point Security:

1. Must offer comprehensive Endpoint Security by protecting enterprise networks from virus, Trojans, worms, hackers, network viruses, mixed threat attack from multiple entry points, and spyware.
2. Must have GoDeep.AI Technology for advance malware protection.
3. Update Agent/ Managers: Should have the capability to create multiple update agents/ Manager to distribute updates load in large network environment that reduce bandwidth consumed during definition updates.
4. Boot Time Scan, Centralized defragmentation and tuning of all End Points. Must have the capability to disconnect infected endpoints from the network.
5. Must have the capability to grant allow, block, read-only access to various devices.
6. Must have the capability to regulate the use of Wi-Fi and Bluetooth connections. Provision to add white listed Wi-Fi SSID in Device Control Wi-Fi configuration. Endpoints will only able to connect to white listed Wi-Fi SSID.
7. Must have the capability to control and regulate PCMCIA devices, MTD/SCSI Card reader devices etc.
8. Must have the capability to track hardware changes happening on endpoints. E.g. RAM Changed, Processor changed, etc.
9. Must have the capability to collect system and hardware information related to remote endpoints.
10. Must have the capability to detect Distributed Denial of Service (DDoS) Attacks.

11. Must have the capability to generate reports for potential security breaches, policy violations, and suspicious traffic flow.
12. Must have capability to schedule vulnerability scan periodically in order to get latest reports of vulnerabilities present in the network.
13. Must provide the flexibility to create firewall rules to filter connections by IP address, port number, or protocol, and then apply the rules to different groups of users.
14. Must have the capability to examine and control all incoming and outgoing traffic per configured settings for ports, source, or origin or destination address.
15. Must have the capability to scan incoming emails encrypted over SSL/TLS protocol.
16. Must have the capability to assign different policy configuration to each group.
17. Remote installation on single endpoint or on entire IP range.
18. Group Administrator to manage certain groups and policies associated with the group.
19. Must support Multi Factor Authentication for administrators.
20. Allow temporary access of USB Pen drives to authorize users using an administrator-generated OTP valid for at least up to 1 month.
21. Must have capability to generate Host Integrity report showing compliant and non-compliant endpoints.
22. Must have the capability to prevent a user from accessing the operating system in safe mode.
23. Must have the capability to improve performance of endpoints by cleaning junk files and deleting invalid registry/disk entries.
24. Must have capability to analyse suspicious file in controlled environment viz sandbox.
25. Must Monitor confidential company files and notifies administrators when such files are copied, renamed or deleted.
26. Must have Endpoint threat hunting features which is used to detect, collect, and control IoC data from each of the endpoints.
27. Centralized defragmentation and tuning of all End Points.
28. FAM (File Activity Monitoring) including copy, rename, delete and modify, Anti-Malware AV test.
29. Customizable Critical Data Backup option for Ransomware protection, Boot Time Scan.
30. Must have the capability to display license key for MS Office (last 4 digits).
31. Additional Terms and Conditions- ATC.
32. OEM bid specification MAE must be submitted with technical bid and technical specification compliance should be submitted with the bid.
33. Offered product must have Customizable Critical Data Backup option for Ransomware protection with custom file add option for backup.
34. Solution having Malware & Ransomware protection with Go Deep.AI technology to prevent automatically from unknown threats.
35. The Solution should have AV-Test 24 Certification in Endpoint security category., ISO 27001 in network, Data protection and privacy.

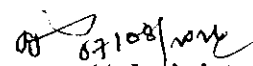

III. Terms & Conditions:-

1. a) Bids would be quoted per user basis.
2. b) Rates should be inclusive of any taxes and installation charges.
3. Contract Period: 3 years
4. Earnest money of Rs. 10,000/- to be paid by Bank Draft in favour of W. B. Council of H. S. Education, payable at Kolkata and the original demand draft should be submitted physically at the Administration section, 3rd floor, Vidyasagar Bhavan, Salt Lake, Kolkata- 700091 within the last working weekday prior to the bid closing date. Online Net Banking or NEFT/RTGs is not applicable.
5. Earnest money of the Agency shall be liable to be forfeited if the Agency withdraws his tender after acceptance of the tender by the Council.
