ORGANISATION OF FIELD VISITS

In a year, at least 3 field visits/educational tours should be organized for the students to expose them to the activities in the workplace like. Automobile show room, Automobile Fair, Different section of show room and service centre, Telecaller centre, Service centre

Visit an Automobile showroom and service centre and observe the following: During the visit, students should obtain the following information from the owner or the supervisor of the showroom:

- Activity of Automobile show room
- Different section of show room and service centre
- Service centre activity
- Automobile Fair
- Different section of showroom
- Number of Vehicle sold annually
- Power transmission section of engine
- Type of engine and technology
- Automation system
- Denting and painting section
- Electrical section
- Auto electrical system
